Appeal from the United States
District Court for
Eastern District of Missouri.

[UNPUBLISHED]

Submitted: February 25, 2000

Filed: March 3, 2000

Before RICHARD S. ARNOLD, BOWMAN, and BEAM, Circuit Judges.

PER CURIAM.

Following his conditional guilty plea to a drug charge, Berisfold Smith appeals the District Court's¹ denial of his motion to suppress evidence. The evidence was obtained after police subjected Smith and two other men to an investigative stop after partially corroborating an anonymous tip that the three men were removing bundles from the door panels of a car, concealing them in a coat, and taking them inside an apartment building. Having reviewed the record and the parties' briefs, we conclude

¹The Honorable Donald J. Stohr, United States District Judge for the Eastern District of Missouri.

the District Court's denial of Smith's suppression motion was supported by substantial evidence and was not clearly erroneous. See United States v. Delaney, 52 F.3d 182, 186 (8th Cir.) (standard of review), cert. denied, 516 U.S. 878 (1995).

Accordingly, we affirm. See 8th Cir. R. 47B.

A true copy.

Attest:

CLERK, U.S. COURT OF APPEALS, EIGHTH CIRCUIT.
