Before WOLLMAN, Chief Judge, FAGG, Circuit Judge, and HENDREN,* District
Judge.

PER CURIAM.

This diversity-based lawsuit concerns a coverage dispute between the Appellants and Maryland Insurance Company. Contrary to the Appellants' view that the policy provided coverage for sewer and drain backup damage, the district court concluded the policy language excluding coverage was unambiguous and granted the insurance company summary judgment. We review a grant of summary judgment under a well-established standard. Because this is a diversity case, we review de novo questions of state law. After reviewing the record and the parties' briefs, we are satisfied the district court correctly applied state law and properly resolved the coverage dispute. Believing that an extended opinion by this court would have no precedential value in this diversity case, we affirm on the basis of the district court's ruling without further discussion. See 8th Cir. R. 47B.
