PER CURIAM.

Arthur Lee Walls, III filed this pro se action against two federal judges, two federal prosecutors, a federal public defender, multiple FBI agents, several law enforcement officials, the spouses of the individual defendants, and various federal agencies. Walls alleged each of the defendants violated his constitutional rights by participating in the successful federal prosecution of Walls for possession with intent

to distribute cocaine although knowing Walls was not subject to the federal court's jurisdiction at the time he committed his crime. The district court dismissed Walls's complaint for failure to state a claim. Having carefully reviewed the record, we affirm for the reasons expressed in the magistrate judge's thorough report and recommendation as adopted by the district court. See 8th Cir. R. 47B.
