Before BEAM, FAGG, and LOKEN, Circuit Judges.

PER CURIAM.

Missouri inmate David Hannah appeals the district court's¹ 28 U.S.C.

¹The Honorable Donald J. Stohr, United States District Judge for the Eastern District of Missouri.

§ 1915A(b)(1) dismissal of his 42 U.S.C. § 1983 complaint. Upon de novo review, see Cooper v. Schriro, 189 F.3d 781, 783 (8th Cir. 1999) (per curiam), we agree with the district court that Hannah failed to allege sufficient facts to state a claim, see Wishon v. Gammon, 978 F.2d 446, 450 (8th Cir. 1992) (requirements for equal protection claim); Springdale Educ. Ass'n v. Springdale Sch. Dist., 133 F.3d 649, 651 (8th Cir. 1998) (conclusory allegations insufficient to state claim under § 1983).

Accordingly, we affirm. See 8th Cir. R. 47B.

CLERK, U.S. COURT OF APPEALS, EIGHTH CIRCUIT.
