Appeal from the United States
District Court for the
District of Minnesota.

[UNPUBLISHED]

Submitted: July 24, 2001
Filed: August 16, 2001

Before HANSEN, FAGG, and BEAM, Circuit Judges.

PER CURIAM.

Magdi Hafez appeals the district court's¹ grant of defendants' motion for summary judgment, and its denial of his motion for reconsideration. Having carefully reviewed the former de novo and the latter for abuse of discretion, we affirm the judgment of the district court. See 8th Cir. R. 47B. We grant appellees' motion to exclude Hafez's exhibits which were not presented to the district court.

¹The Honorable Donovan W. Frank, United States District Judge for the District of Minnesota.
