Before RILEY, HANSEN, and SMITH, Circuit Judges.

PER CURIAM

Leon Braun appeals the district court's¹ denial of his motion for relief from judgment under Federal Rule of Civil Procedure 60(b). We review the denial of a Rule 60(b) motion only for abuse of discretion, and we find none in this case given the substance of Braun's arguments in support of Rule 60(b) relief. See Sanders v.

¹The Honorable Richard H. Kyle, United States District Judge for the District of Minnesota.

Clemco Indus., 862 F.2d 161, 169 (8th Cir. 1988) an appeal from the denial of a Rule 60(b) motion does not bring up the underlying judgment for review, but presents only the issue of whether the district court abused its discretion in denying relief from judgment). Accordingly, we affirm. See 8th Cir. R. 47B.
