Before BYE, MELLOY, and COLLOTON, Circuit Judges.

PER CURIAM.

Adonis Johnson, Sr., appeals the adverse grant of summary judgment in his employment-discrimination action. The district court¹ concluded Johnson's complaint was barred by res judicata. Upon careful review of the record, we agree, for the reasons explained by the district court. Accordingly, we affirm. See 8th Cir. R. 47B.

¹The Honorable E. Richard Webber, United States District Judge for the Eastern District of Missouri.
