

Chapter 13 debtor, Virginia Dale, appeals from a decision of the Bankruptcy Appellate Panel affirming the bankruptcy court's<sup>1</sup> judgment in favor of HomeEq<sup>2</sup> Servicing Corp. (HSC) and numerous others associated with HSC whom Dale sued in an adversary proceeding to rescind her home mortgage and obtain damages.

Upon careful review of the parties' submissions on appeal, we conclude that Dale's arguments either are not properly before us or fail to assert an adequate basis for reversal. Accordingly, we affirm. See 8th Cir. R. 47B.
