Before FAGG, HEANEY, and WOLLMAN, Circuit Judges.

PER CURIAM.

Sharon Holman appeals the adverse orders of the district court granting summary judgment and judgment as a matter of law to the parties sued by Holman. We review the district court's rulings under well established standards. Having reviewed the

record in the context of the parties' arguments, we conclude the record supports the district court's decisions. Because our review involves the application of settled principles of law in a fact intensive case and the parties' submissions show they are thoroughly familiar with the issues before the court, we believe an extensive discussion would serve no useful precedential purpose. We thus affirm the district court without further discussion. See 8th Cir. R. 47B.
