PER CURIAM.

Henrice Taylor appeals the district court's adverse grant of summary judgment on Taylor's race-based employment discrimination, harassment, and retaliation claims. Having reviewed the record and the materials submitted by the parties, we see no error by the district court. We also conclude that an extended discussion is unnecessary in this fact-intensive case. We believe the district court correctly granted summary judgment, and we affirm on the basis of the district court's memorandum opinion and order. See 8th Cir. R. 47B.
