Before BOWMAN, FAGG, and HANSEN, Circuit Judges.

PER CURIAM.

Velva Tucker-Cole brings this pro se appeal following an adverse jury verdict in her race and retaliation-based employment discrimination action. Tucker-Cole contends the district court committed error in excluding certain evidence and in refusing to submit the issue of punitive damages to the jury. Having considered the record in the context of Tucker-Cole's contentions, we conclude her claims of trial error are without merit and an extended discussion is unnecessary. We thus affirm the district court. See 8th Cir R. 47B.
